Sir:

In reference to the above identified patent application, this Communication is to correct errors found in the filing receipt received on February 16, 1999. When preparing the transmittal cover sheet (Form PTO – 1082) for filing this application, the title of the invention was typed to read "A FLUID CONTAINER CLOSURE MECHANISM WITH DETACHABLE VALVE ASSEMBLY". When the filing receipt was received, the title of the invention listed thereon read "FLUID CONTAINER CLOSURE MECHANISM WITH DETACHABLE VALVE ASSEMBLY". The word "A" was missing from the beginning of the title. Enclosed is a copy of the filing receipt with the necessary correction underlined in red listing the correct title of the invention. Correction to the title on the Application filing receipt is respectfully requested.

If you have any questions concerning this matter, please do not hesitate to contact the undersigned attorney for the Applicant.

Respectfully submitted,
